

GOING TO A THERAPY APPOINTMENT

<p>I have to wear a mask to my appointment.</p>	
<p>I have to use hand sanitizer after touching door knobs and handrails.</p>	
<p>When I get to the appointment, someone may check to see if I have a fever.</p>	
<p>While at my appointment, I have to keep space between myself and other people.</p>	
<p>I have to use hand sanitizer or wash my hands after leaving my appointment.</p>	
<p>I have to wear my mask until a grown-up says I can take it off.</p>
